

**COMIN ASIA PTE. LTD** has been established in Singapore since 1991 with French Capital. Present in Vietnam since 1992 operating thru its two representative offices in Hanoi and Hochiminh City, COMIN ASIA enjoys and expertise recognized in both local and regional infrastructure markets. The Comin Asia Group is active in Mekong sub-region: Vietnam, Cambodia, Laos, Thailand and Myanmar.

COMIN ASIA's business fields include:

- Power projects: power utilities (national, regional, local), power plants, dispatching centers..
- Power projects: Testing centre, power construction & transmission companies, power utilities, power plants...
- Industrial products: Cement plants, coal mine, paper plants, water utilities...

**COMIN VIETNAM LTD**, a Comin Asia owned Vietnamese registered Company, has been established since 1998 with its head office in Hanoi and two branches in Hochiminh City and Danang.

COMIN VIETNAM's engineering activities covers:

- Mechanical & electrical contracting: Industrial & tertiary sectors, pharmaceutical plants, garment factories, breweries, airport terminals, hospitals, shopping malls, office buildings, apartments, hotels...
- Mechanical and electrical maintenance and services: hotels & resorts, serviced apartments, embassies, office building, power plants...

The activities of Comin Asia and Comin Vietnam are complementary and enable us to offer a global performance from the initial planning of a project to its implementation and commissioning.

# Mechanical Engineer

## (Plumping/Fire Fighting)

**Quantity: 01**

**Hochiminh City, Vietnam**

### A. JOB DESCRIPTIONS

- Prepare take off materials and Bill of Quantities for costing proposals.
- Review design, criticize and propose value engineering
- Design of Mechanical systems, specifically related with (but not limited to) HVAC, Plumbing and Fire protections systems.
- Site support for trouble shooting if and when required

### B. REQUIREMENTS

- Age from 27, Male/Female, Vietnamese citizen.
